

Traffic Flow for Vehicles at Greeneview Elementary

Traffic Flow for Cars

Student safety is an important issue for all. The traffic flow is determined by our bus traffic. These are the guidelines for morning and after school. We all need to follow these to keep our students, our staff, and our vehicles safe.

In the Morning

Most students ride the bus. Buses drop students off on the south side of the building near the gym. **NO** cars are allowed at any time of the day in the driveway that surrounds the building. Parents dropping off Elementary students are to enter at the north entrance from Route 72 closest to Greeneview Drive and to drive along the sidewalk in front of the building. Parents wait until all cars along the sidewalk are stopped, and then, when directed, allow their children to exit the vehicle and walk on the sidewalk and directly into the building through the front door.

- 1 The first vehicle must pull up to the southernmost end of the sidewalk in the front of the building.**
 - 2 Vehicles following the front car need to pull ahead as well.**
 - 3 Once the entire length of the sidewalk is full, parents, when directed by the school person waving the flag, will direct their children to exit their vehicles and walk directly into the building. If a child must exit on the passenger side, parents need to instruct their children to cross IN FRONT of the family vehicle, so that the parent will see the child get onto the sidewalk.**
 - 4 Once all students have safely exited their vehicles, the ENTIRE LINE of vehicles at the sidewalk will leave the parking lot and the next group of cars will line up for the ENTIRE length of the sidewalk and repeat the above drop-off procedure until all students have safely exited their vehicles.**
- NO parent is permitted to park in front of the school. If you believe you must walk your child to the door, you are to SLOWLY drive over the the additional parking between our playground and Route 72. If you park there, you MUST turn off your vehicle and walk your child to the front door.**

These are safety issues for students, for vehicles on our property, for buses entering our property as well as the traffic on Route 72.

The front door is unlocked as students arrive in the morning and then locked for the rest of the day. Students being dropped off in the morning should not arrive before 8:45 AM.

At the End of the Day

Parents must park in the parking lot in the area between the fence and Route 72.

- 1 Parents will enter the parking area through the driveway that is at the south end of that parking lot. Parents may not enter the area in front of the school.** This prevents cars and buses from crossing paths. This is a safety issue for our students and our buses.
- 2 Parents will wait for their children to walk over to them in the parking lot near the telephone pole at the north end of the lot or stay in their vehicles.** Parents need to instruct their children whether they will meet their children at the pole or if they want their children to meet them at the car.
